## COACHING CLINICS

FC Northwest and Bonivital Soccer Club have partnered to ensure that all coaches in both districts have a variety of dates to obtain their coaching levels.

The club's are offering the first three stages of the LTPD coach certification courses. FCNW and BVSC adopted the LTPD model set down by the CSA and rolled out by all the Local Clubs and Community Centres in 2011. More information on LTPD can be found [here](#).

These courses are designed to be hands on and provide the coaches with resources and tools to ensure that their season is successful in development. It is important that coaches have the appropriate coaching level to be able to instruct and train players effectively and to meet required WYSA Rules & Regulations.

Registration is done online through the MSA Website - see details here:  
[Online Registration](#)
